## **DETAILED ACTION**

### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In claim 3, line 2, following "report" the word "forms" has been replaced with the word "form".

### **REASONS FOR ALLOWANCE**

2. The following is an examiner's statement of reasons for allowance:
3. Regarding claims 1 and 10, the prior art (Lin et al. - US Patent 6,751,781) teaches a process controller configured to process an analyzing order for integrated circuit (IC) packages entrusted by clients (column 2 lines 34-38); a working database coupled to said process controller, and used to store IC package parameters inputted by said clients (element 130 in Figure 2); an electrical simulation and analyzing software used to analyze thermal data of IC package (element 140 in Figure 1); a report form generator coupled to said electrical simulation and analyzing software to generate a report form of analyzed results (element 150 in Figure 1); and replying means coupled

to said report form generator to send said report form to said clients (element 180 in Figure 1).

4. The prior art fails to teach a condition parameter database coupled to said process controller to provide **condition parameters relative to a model of the IC package** entrusted by said clients; and an electrical simulation and analyzing software used to analyze said **IC package parameters inputted by said clients, and said condition parameters** provided by said condition parameter database.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
